ABOUT RESPIRATORY HEALTH ASSOCIATION OF METROPOLITAN CHICAGO (RHAMC)

Respiratory Health Association of Metropolitan Chicago is a local health charity with a mission to fight lung disease and promote healthy lungs through research, advocacy, and education. This year, proceeds from *Chill* will help provide resources for people living with COPD (Chronic Obstructive Pulmonary Disease), which includes emphysema and chronic bronchitis. Currently the nation's fourth leading cause of death, COPD is the only one of the top five causes still rising. There is no cure, but with education and proper care, COPD patients can lengthen and improve their quality of life. Respiratory Health Association educates people living with COPD and their caregivers, advocates to improve patient care, and supports medical research at Chicago's leading institutions.
